Challenger offers a range of career development and employment resources and services to current and prospective students. These include individual face-to-face and telephone consultations with our Career Development Advisors and Career Skills Officers, student workshops and visits to schools and community groups.
Our skilled staff can provide you with advice on:

- Course selection and career pathways
- Retraining
- Studying at Challenger Institute
- Job application and selection processes
- Recognition of Prior Learning (RPL)
- Apprenticeships and traineeships
- Local industry skill shortages
- Withdrawing from a course
- And much more!

Job search support

We are focused on achieving quality employment outcomes for our current students and recent graduates. We can help you with job search techniques, employability skills and job matching.

Career workshops

The following career workshops are offered to current students at our main campuses:

- Resume and General Job Search
- Selection Criteria
- Interview Techniques
- Networking

Recognition of Prior Learning (RPL)

RPL provides you with the opportunity to gain credit towards a qualification by having your skills and experiences assessed to see if they meet today’s industry standards. You may be able to gain a full or partial qualification without having to study certain subjects, saving you time and money.
