Leadership Development
Conservation and Land Management (CLM) focus

Certificate I and II in Leadership Development (CLM focus) at Challenger Institute of Technology

Would you like to learn about natural area conservation and horticulture while enhancing your leadership skills at the same time?

Challenger Institute is offering nationally recognised training in Leadership and Conservation and Land Management. These new leadership qualifications will teach you leadership fundamentals with a horticulture and conservation focus. These courses are recognised as full-time and Centrelink approved.

52560WA
